

# LIBRARY GIFT PROGRAM

The Library Gift Program is a wonderful way to acknowledge a birthday, accomplishment, holiday or other special occasion while adding to our library collections on both the Hough and Knowlton campuses. This program gratefully accepts educational learning materials in different media formats such as books, CD-ROMs, DVDs, software, and maps. **An Honor Selection is chosen from a recommended list prepared by our librarians.**

Honorees are presented with their selection on a pre-arranged date. After the honoree has the pleasure of reviewing his or her selection, it is then donated to the library for all to share. A contribution acknowledgement inscribed with the honoree's name as well as the name of the donor is placed on the gift. Hough Campus honorees are usually acknowledged at Flag; Knowlton Campus honorees may be acknowledged at morning Assembly or on an individual basis.

This is a marvelous way to give the gift of learning and to help our library collection grow. If interested, please complete this form and return it to the school with the rest of the summer packet information. Please check with the appropriate campus librarian who will coordinate a library gift and date of presentation for your honoree. You may participate in the Gift Program during the remainder of the school year by contacting the school office. Recipients may be friends or relatives as well as Canterbury students or staff.

*Please complete the bottom portion and return to the school office; you may copy this form for additional contributions, or simply request additional forms.*
